

Industrial Tech Lasers

High-Power Fiber Lasers

CORELIGHT
Fiber Laser Engines

CORELIGHT
Single-module
Fiber Laser Engines

Direct Diode Lasers

IDL Series
Air-Cooled Direct-Diode Laser
System

Ultrafast Industrial Lasers

FemtoBlade™
Femtosecond
Micromachining Laser

PicoBlade® 3
High-Power Picosecond
Micromachining Laser

PicoBlade 2
Compact Picosecond
Micromachining Laser

Q-Series

High-Power Q-Switched
Diode Pumped UV and
Green Lasers

Gas Lasers

Argon-Ion, Helium-Neon
Low-Power Visible CW Lasers

CW Solid State Lasers

NPRO Visible and IR

Application Matrix		CORELIGHT	Q-Series	Ultrafast Industrial	NPRO 125/126	CDP5532M	IDL	Helium-Neon	Argon-Ion
Macromaterials Processing	Brazing	■							
	Cladding	■							
	Cutting	■							
	Additive Manufacturing	■							
	Metal Welding	■							
	Plastics Welding						■		
Micromaterials Processing	Display Processing			■					
	Additive Manufacturing		■						
	Dicing(Wafer/Power Device/LED/MEMS)		■	■					
	Glass and Sapphire Processing		■	■					
	Semiconductor Dicing			■					
	High-Speed Precision Metal Machining			■					
	Selective Thin-Film Ablation			■					
	Medical Device Manufacturing			■					
	Via Hole Drilling		■	■					
Biomedical and Analytics Instrumentation	Biotechnology Instrumentation				■		■	■
